

**UK-India Tackling AMR in the Environment from Antimicrobial
Manufacturing Waste
Global Stakeholder's Forum
Nov 29th (Wed) to Dec 5th (Tues) 2023
Indian Institute of Technology Bombay, Mumbai, India**

Initial Information about Planned Programme Meeting

- This is an *in-person* meeting of all 5 project teams of the UK/India-AMR programme (UK and Indian partners).
- This meeting is being hosted in our Mumbai partners at the Indian Institute of Technology, Bombay (IITB), India.
- Project teams will meet on the November 29th, November 30th & December 1st, 2023.
- Excursions in and around Mumbai are scheduled for December 2nd & 3rd, 2023.
- A *hybrid* **Global Stakeholder Forum** will be held on December 4th & 5th, 2023. This will be led by the AMR-WATCH team.
- Project teams planning to attend the programme meeting are advised to budget:
 - o £1,500 per UK delegate (inclusive of flights, accommodation, and meeting attendance).
 - o R 50,000 per Indian delegate (inclusive of internal travel and meeting attendance).
- UK teams travelling to India are required to complete a course of travel vaccinations. **Vaccinations should be completed at least 8 weeks before the trip.** Please refer to the [NHS fitfortravel](#) website for recommended vaccinations for travel to India.
- Visa applications can be completed [online](#). Visa fees will depend on the visa type and duration of visa, and can cost approximately £210 for business visas of one year duration. Visa processing can range between three working days and three months depending on nationality of the visa applicant.
- Attendees requiring visas should start their application as soon as possible as there might be delays in securing visa appointments.
- The Indian Rupee is a *closed currency*, so Indian Rupees will only be exchangeable on arrival and departure from India.
